How to Determine Your Ring Size

Method Using a Ring You Already Own and Our Printable Guide

- 1 Print this guide with page scaling set to 100%.
- 2 Place a ring that you already own (or have borrowed, if this is a surprise engagement or a gift) over the circles to the right.
- 3 Match the inside of the ring to the circle nearest in size. The measurements shown refer to the inside diameter of the ring.
- 4 If the ring falls between two sizes, order the larger size.

Please Note:

- Consider width. The wider the band, the tighter it may feel. You may need to go up by a half size.
- This printable guide serves as a reference only, but for more accurate results it's better to get a measurement in our Sydney studio.
